## PROSECUTION TIGHTENS UP WEB ON FALL

### Defense Blocked In Efforts To Show Weak Case

WASHINGTON, Oct. 21 (AP).—Slowly but persistently special government counsel are weaving the web which they hope will force Albert B. Fall or Harry F. Sinclair, or both, to take the witness stand in the District of Columbia Supreme court.

Their plan of campaign began to develop clearly today as they again blocked defense counsel in their repeated efforts to explain away or weaken the government's case by carrying prosecution witnesses or cross examination far beyond the field opened up by direct questioning.

The lawyers for the former interior secretary and the wealthy oil operator became most persistent in cross examining K. C. Heald, former governor of Missouri, about a report he made to Fall in November, 1921, that there was no immediate danger of extensive drainage of Teapot Dome.

In offering Heald's written report to Fall, government counsel stipulated that it was not offered as an accurate presentation of facts but merely to show that such a report was made to Fall, who contended that the danger of drainage was the impelling cause of the lease of Teapot Dome to Sinclair.

## YOST GIVEN GREAT OVATION AT PRESS CLUB; TEARS FLOW

### Veteran Michigan Mentor Visibly Affected on Receipt of Gifts

ANN ARBOR, Mich. Oct. 21. (AP).—Fleeting H. (Hurry) Yost, athletic director of the University of Michigan, sat in the honored guest chair at a banquet here tonight and with tears in his eyes, heard an enthusiastic alumni tender him the supreme tribute of his chosen profession, that of "builder of men."

The occasion was the Michigan Press Club banquet, attended by more than 2,000 Michigan alumni and newspaper editors, held in connection with the formal dedication tomorrow of the new massive athletic stadium at the university. The banquet preceded presentation to the veteran coach of a large automobile, by alumni, a silver service set by the editors and a handsomely engraved watch by the local chamber of commerce. The gathering also conferred on Yost the degree of Coach Emeritus.

"These gifts," said the chairman of the presentation committee, "are but a slight expression of the appreciation we feel for our old mentor. The man who has dedicated his life to the moulding of character through the strict discipline demanded of a successful athlete. The man who has been a guide through the storm of sportsworld and fair play, deeply imbedded in the student mind has served as a guide thru life's games as well as college play."—Fleeting Yost, the builder of men.

As the old mentor arose to respond, he was accorded one of the greatest ovations in his career and it was several minutes before the applause died down. Visibly affected, tears glistening in his eyes, he could only murmur his thanks to the "men of my Michigan whom I have come to love so well."

## FIND PROMISE OF HOME SWINDLE, FAMILY BROKE

Danville, Ill., Oct. 21. (AP).—Alluring prospects of a furnished home and jobs for life went aglimmer today for Mr. and Mrs. Joe Hall, parents of a baby, and Garrett Dile, brother of Mrs. Hall, all of Indianapolis, Ind.

The men gave up their jobs to come here and take charge of a strip coal mine and chicken ranch for Fred Mathias. Upon arriving they gave their last money Mathias to buy groceries for them.

They found the "furnished house" empty and learned later that officers had apprehended Mathias and returned him to an asylum from which he had escaped.

## MILLICH SAYS BOSWELL WAS HEAD OF GANG

### Fainted Just Before Trap Was Sprung For Hanging

MARION, Ill., Oct. 21. (AP).—The accusation of Rado Millich, Birger gangster who was hanged here today for the killing of Ward Jones, a fellow gangster at Shady Rest, will be ignored by State's Attorney Arlie Boswell, against whom they were addressed.

Millich, a Montenegro, and the first of the Birger gang to be executed, accused the county official of being the head of the Birger gang and of plotting the murder of Lory Price and his wife, crimes charged to the Birger gang. Boswell characterized these accusations as "ridiculous." It was his prosecution that was responsible for the death verdict for Millich.

"I refuse to make any comment and I do not intend to deny any comment," Boswell said. After reading a prepared statement from the platform of the gallows, Millich made a few remarks about ministers, saying that two clergymen were on the jury which voted to hang him. He said he refused religious counsel from another clergyman on the grounds that he was hung by the votes of two ministers.

A crowd estimated at more than 200 crowded the stockade to see the gangster executed. He fainted just before the trap was sprung and it was necessary to push him back into the trap.

After the hanging the body of Millich was taken to an undertaker's establishment here where more than 2,000 persons viewed it. Burial took place later in Maplewood cemetery.

## GOLD STAR MOTHERS SEEK FACTS DURING DIVISION MEETING

### First Division Re-Union in Chicago Attracts Soldiers

CHICAGO, Oct. 21. (AP).—While "buddies" of the first division, which won glory on the battlefields of France, swapped reminiscences and talked about the defense with a reply that "the antics of the school authorities are making Chicago the laughing stock of the world."

Mr. Gorman, in a statement replying to Muzey's suit said: "Several days ago I sent a challenge to Mr. Muzey to come to Chicago and defend his history against my criticisms at the McAndrew trial—his answer is a law suit."

CHICAGO, Oct. 21. (AP).—William Irving Trembly, radio inventor, was ordered today to pay \$8,000 back alimony to his estranged wife, Mrs. Ethel Long Twombly by a judge in superior court today. Twombly will under the order, pay \$400 a month alimony. Mrs. Twombly is given custody of the eight-year-old daughter, Gloria, with the provision that the father may visit her a month each summer.

The wife of the inventor had asked for \$15,000 back alimony which she claimed had accumulated during the past two years. The inventor was given 30 days to pay \$3,000 of the alimony and 60 days for the other \$3,000.

## This Is Simply An Average Yarn About An Average Man Who Visited In Windy City

## FARM RELIEF ISSUE STILL A BIG PROBLEM

### Western Senators At Meeting Fail To Settle Points

CHICAGO, Oct. 21. (AP).—The world's busiest corner brought recollections of the home-towns Saturday night when Roy L. Gray of Ft. Madison, Iowa, America's average man, stood at the corner of state and Madison streets today and viewed the scurrying throng as the semi-official guest of Chicago.

The "average man," who was brought to Chicago by the Herald-Examiner after a national survey selected him as the most representative American, displayed the average bewilderment of the average visitor as he was escorted through the city to its endless points of interest.

To begin the day, Gray ate an average breakfast of toast, eggs and coffee, and smoked the customary cigarette. He got an average shave and paid the average tip and conversed with the barber about the average topic, the nice fall weather.

Sauntering out to begin an active day, Gray first bought a picture postcard of the hotel where he slept and put a cross at his room on the 40th floor before sending it home to his family.

"This is where I slept. Having a good time, but wish you all were here," his average message said.

Has Average Program  
The program he outlined for the day's hosts was just the average. "I'd like to drive around your park system, see the stock yards if we have time, and I want to see the Municipal Pier and that stadium where the Dempsey-Tunney fight was held."

CHICAGO, Oct. 21. (AP).—Enemy shots echoed down the front-line trenches in Mayor William Hale Thompson's war against pro-British propaganda tonight while the mayor and his aides maintained their own barrage.

The attack from the "enemy" came in the form of a \$100,000 damage suit against former Congressman John J. Gorman, the mayor's aide-de-camp, praepice of which was filed by attorneys for David Daville Muzey, Columbia University historian, and author against whose history texts the mayor has directed much of his fire.

Former Congressman Gorman served the mayor as a committee of one in investigating and reporting on school histories. At the same time another of the mayor's aides, U. J. Hermann, public library trustee, was preparing a flank attack with any pro-British books that may be found on the shelves of the public library as his target.

The mayor himself warned William McAndrew, his suspended superintendent of schools whom he charged with importing the pro-British texts, that "banned from the Chicago schools, no other city will want you."

McAndrew's attorney, Angus Roy Shannon, however, supported the defense with a reply that "the antics of the school authorities are making Chicago the laughing stock of the world."

Mr. Gorman, in a statement replying to Muzey's suit said: "Several days ago I sent a challenge to Mr. Muzey to come to Chicago and defend his history against my criticisms at the McAndrew trial—his answer is a law suit."

## RADIO INVENTOR IS SUED FOR ALIMONY

CHICAGO, Oct. 21. (AP).—William Irving Trembly, radio inventor, was ordered today to pay \$8,000 back alimony to his estranged wife, Mrs. Ethel Long Twombly by a judge in superior court today. Twombly will under the order, pay \$400 a month alimony. Mrs. Twombly is given custody of the eight-year-old daughter, Gloria, with the provision that the father may visit her a month each summer.

The wife of the inventor had asked for \$15,000 back alimony which she claimed had accumulated during the past two years. The inventor was given 30 days to pay \$3,000 of the alimony and 60 days for the other \$3,000.

When the judge made known his decision to permit Twombly to have custody of his daughter for a month each summer, Mrs. Twombly broke down and cried. She said she feared he would kidnap Gloria.

## SHOWING FIGHT FILMS OUT OF STATE LEGAL

Philadelphia, Oct. 21. (AP).—Public exhibition of the motion pictures of the Tunney-Dempsey fight in states outside of Illinois is legal, under a decision handed down in the United States district court today by Judge J. Whitaker Thompson.

The court held that while the transportation of the films from the state in which the fight was held is illegal, they may be shown in other states, "because the federal government loses control over the film pictures after they leave their destination, and regulation of the pictures thereafter is solely within the province of the motion picture censorship boards of each state."

## RUMANIA WILL STOP CAROL'S KINGLY PLANS

### Believe People Do Not Want Prince To Come Back

BUCHAREST, Rumania, Oct. 21. (AP).—If there is any truth in the reports abroad that emirs of the National Peasant party had gone to Paris to induce former Crown Prince Carol to abandon Mme. Lupescu and assume the kingship of Rumania "next January," it is certain that the Rumanian government will resist to the utmost any attempt to reopen the law of succession of Jan. 4. This law it is declared has removed forever any possibility of Carol's becoming king.

Reports of Carol's break with Mme. Lupescu and his alleged intention to return to Rumania seem to be taken much more seriously abroad than in Rumania.

The Rumanian people as a whole appear to have taken to heart Ferdinand's dying words that Carol's return would be disastrous to the country.

It is felt by disinterested foreign residents in Rumania that any move to bring the disinherited prince back would meet with scant popular approval, except among the few loyal adherents of Premier Bratianu.

Attempt at Premier  
The disinterested observers are agreed that the sole purpose of any attempt of the opposition leaders to restore Carol would be for the purpose of destroying Bratianu's position, and not because of any love of the Rumanian people for the erratic and eccentric prince.

If Carol has severed relations with Mme. Lupescu, as some Paris dispatches say, Queen Marie is wholly unaware of it. Carol's wife, Queen Marie, and his sister, Queen Marie of Yugoslavia, but in none of his recent letters, it is learned, has there been any hint of separation from Lupescu or intention of returning to Rumania at the bidding of the National Peasant party.

Indeed, time and again in these letters the prince has given his mother assurance that he will make no attempt to reenter Rumania, illegally or secretly.

The queen, declared recently to a correspondent, is a responsible person. "I have been hoping that he would soon see the error of his ways and would abandon this woman, and take his mind off his present troubles by making a tour of the world or engage in some serious business enterprise."

## CARROLL LEAVES FOR NEW YORK AND HOME

ATLANTA, Ga., Oct. 21. (AP).—Turning his back on the federal penitentiary where he served one third of a year and a day sentence for perjury, Earl Carroll left here today for the Crescent limited of the Southern railway for the white lights of New York. His train is due in New York at 11:53 a. m., tomorrow at the Pennsylvania station.

The theatrical producer, said to be reaching New York would be to attend a theater.

Tanned, with a mass of freckles on his forehead, Carroll was in high good humor as he started back to the work that he knows and likes. He said he might take up his theatrical work immediately on his return, or even as he could get control of the threads of business which he dropped when he came to prison several months ago.

"I was guilty, mind you, and I am not denying that, for I was convicted," he said in a talk with newspaper men today. "But I do not choose to dwell on an unpleasant subject, I will try and forget as speedily as possible and I have no white in coming into the outside world."

## U. S. NOTE TO FRANCE READY FOR DESPATCH

### Will Meet Complaint Against Quarantine Measures

WASHINGTON, Oct. 21. (AP).—With the American reply to the last French tariff note virtually completed, announcements were made here today which were regarded as meeting the French complaint against the American agricultural quarantine and the activities of tariff commission investigators in foreign countries.

At the white house it was announced that Attorney General Sargent had ruled that under the law it was not mandatory to send tariff commission investigators to determine costs of production of goods exported to this country. Argentine recently protested against such a move.

The other announcement made by the state department dealt with a working arrangement with the department of agriculture in regard to application of agricultural quarantines.

In effect the new arrangement creates machinery for joint control by the two departments of quarantines on imported agricultural products.

Send Note Soon  
The new American tariff note will go forward either tomorrow or early next week. Its contents have not been disclosed. It is believed, however, to be highly conciliatory in tone. The agreement with the department of agriculture is construed in some quarters as evidence of this attitude and that Washington officials are hopeful of an early beginning of commercial treaty negotiations with France to put an end to tariff discriminations against the United States.

The last French note was viewed at the state department as unsatisfactory when it was first examined because of conditional stipulations.

The new American communication is expected to make it plain that no pledge of future reduction of statutory duties can be exchanged for the concession by France to accord American goods during treaty negotiations substantially the customs status they enjoyed before August 30, when the discriminatory rates went into effect.

## I. W. W. LEADERS IN COLORADO COAL WAR JAILED BY POLICE

### Leader Arrested in Crowd Doing Picket Duty Near Mines

WALSHEBURG, Colo., Oct. 21. (AP).—Huerfano jail bulged tonight with members of the Industrial Workers of the World arrested today while they picketed mines in the southern Colorado coal strike area in defiance of official warnings of peace officers. More than a hundred pickets were arrested in Huerfano and Las Animas counties.

Paul Siedler, organizer in charge of I. W. W. forces, was arrested along with the pickets, and his co-leaders at freedom to-night organized picketing on an enlarged scale to start early tomorrow morning while the mining camps sleep. The I. W. W. organization is sponsoring the strike.

Women sympathizers of the strikers grouped themselves into committees "to be up at 4:30 in the morning and go on picket." They also planned to call on the wives of strikers who have not answered the picket call, which state officials contend violates a state law.

I. W. W. forces were reinforced today with the arrival of Roger Francezoon, chairman of the national executive board of the organization, who told them "we shall continue our picketing despite the raids."

## MISSING GAME WARDEN FOUND IN NORTH CAMP

IRON MOUNTAIN, Mich. Oct. 21. (AP).—Lawrence Blaney, 58, game warden, who had been missing for nine days was found alive today in a lumber camp 23 miles northeast of this city. He apparently had been suffering from amnesia other game wardens said, and could not give a rational account of his experiences.

Camp workers said Blaney wandered in several days ago and without explanation settled down in a camp bunk house. Recognizing him as a game warden, the lumberjacks said they asked no questions.

PARIS MOTHER SUFFOCATES  
BABY DURING SLEEP  
Paris, Ill., Oct. 21. (AP).—A coroner's inquest today determined that the death of David Arthur, infant twin son of Mr. and Mrs. Brent Arthur, was caused by suffocation after his mother's arm had fallen across the baby's face during last night. The mother was grief stricken.

## PLANE WRECK FOUND; TITLED AVIATOR LOST

### TURKISH LEADER ENDS SPEECH OF SIX DAYS

Constantinople, Oct. 21. (AP).—President Mustapha Kemal Pasha and part of his audience broke into tears at the conclusion of his record-breaking 400,000 word speech to the national assembly, which required 36 hours and 20 minutes of talking time to deliver. The speech was concluded six days after it was begun, with a passionate patriotic appeal to Turkish youth. The speech 1,200 pages in length, had taken four years to prepare and it reflected in detail the history and accomplishments of the Turkish nationalist government since 1915.

## THREE PEOPLE SENTENCED ON FRAUD VOTING

### Pennsylvania Jury Re- turns Verdict After Probe

PITTSBURGH, Pa., Oct. 21. (AP).—Following close upon the filing of fraud charges against 100 persons in recent weeks as a result of the recent primary here, a criminal court jury today convicted two men and a woman of various ballot irregularities in the spring primary of 1926.

The verdict, marking one of the few convictions in recent years in Pittsburgh vote fraud prosecutions, was greeted by the Allegheny County Bar association, aiding the district attorney as "marking a new era in the conduct of elections in Allegheny county."

Charles Golden, a Pittsburgh fire captain and former Republican ward chairman of the district involved; J. William Bolster, minority inspector of the election board and Mrs. Anna Conklin, an election clerk.

Maximum penalties of \$500 fines and three years imprisonment on each count may be imposed on the defendants. The court fixed bail at \$3,000 each for Golden and Bolster and \$1,000 for Mrs. Conklin, when defense attorneys indicated they might seek a new trial.

## THIRTY THIRD DEGREE MASON DIES IN EAST

CINCINNATI, Oct. 24. (AP).—Colonel Melish, who for more than fifty years had been of national and international prominence in Masonry, died at his home here today. Colonel Melish, of thirty-third degree, was one of the most widely known Masons in America and was the representative in the United States of great priority of England and Wales of the Order of the Temple.

He was the only Mason in the United States entitled to wear the Grand Cross of the great priority of England under the title of Grand Cross Templar, a title which was bestowed upon him in 1911 in London, England by the hands of his royal highness, the Duke of Connaught, Sovereign Grand Master of the Great Priority of England.

He was also the representative of the Sovereign Grand Priority of Canada.

## CLAIM MEXICANS HAVE FREED KIDNAPPED MAN

MEXICO CITY, Oct. 21. (AP).—Newspapers here have received reports that W. E. Mitchell, British citizen and manager of the American owned Amajac Mining company near Tlan Del Rio, in the state of Nayarit has been released by bandits. The United States embassy and the British legation have not received any confirmation of the report.

Mitchell was kidnapped near the mine several days ago according to reports from the United States consulate at Mazatlan to the embassy.

## BRISK WINDS PREVENT TAKEOFF OF THE DAWN

OLD ORCHARD, Maine, Oct. 21. (AP).—A brisk west wind, which increased despite the prayers of the crew of the Sikorski plane, the Dawn, held the amphibian on the sands again today and forced postponement of the trans-Atlantic flight, which was scheduled tomorrow as the earliest possibility.

Despite disappointment after disappointment, which have kept them ready to go for more than ten days here, they were optimistic tonight that the long awaited break in the weather would have tomorrow morning.

## MIGHT BE ON BOARD RIVER BOAT, BELIEF

### Find Straps In Seat Loosened, Stockings And Watch

QUEBEC, Que., Oct. 21. (AP).—The wreckage of the airplane in which Comte De Lescaups and his mechanic were engaged in a surveying flight over the eastern part of the province, was found late today (150 miles) below the village of Matane on the St. Lawrence river.

No trace of the fliers was found, but indications were that they had either jumped from the plane before it landed, or had left it after it had descended. In the cockpit of the plane a watch and a pair of stockings were found. Identification of the plane was made by letterings found on the front of the cockpit. The plane was a Jupiter engine hydro-plane.

According to the report received here, one wing and important pieces of the motor are missing. Previous reports told about the finding of a section of an airplane wing, about 13 feet long, and the rudder of a plane at Sandy Bay.

The straps designed to hold the occupants in their places were loosened. This was taken to indicate that the two aviators managed to free themselves and attempted to swim to shore, or had been picked up by some boat. The aviators have been missing for three days. The weather since Tuesday, when they set out on a 75-mile flight from Gaspe, Val-Brillant, has been foggy. In some quarters, it was feared that the fog prevented their flight having been seen by any passing vessels.

The missing parts of the motor together with other parts of the machine probably were dislodged by the waves tossing the wreckage against rocks along the shore.

## PRICES CONTINUE TO DROP IN WALL STREET BEAR WAR

### Third Successive Day of Dropping Marks Up Many New Lows

NEW YORK, Oct. 21. (AP).—Prices again plunged downward in the New York stock market late today, after a rather irregular opening had been followed by a period in which operators for the advance appeared to have regained control. Shares already unsettled by a series of "short" attacks which began early in the week, tumbled headlong when Houston Oil broke \$14 a share on publication of a disappointing earnings report. It was the third successive day of dropping prices, and the fourth of the week.

So rapidly did the selling operate that the market was in a state of confusion. Shares were tumbling in many cases, when they were not being sold. Final quotations did not appear on the ticker tape until 22 minutes after the close, when created much confusion in brokers' offices, where it was impossible to ascertain the prices at which stocks were selling on the floor. Stocks of 2-3-4 million shares.

Regarded As Corrective  
Some observers viewed today's reaction as a further correction of the market's top heavy position, but bearish trade news undoubtedly was a powerful factor in the liquidation of the mercantile reviews continued to report have inspired some pessimism, and the trend of revenue freight loadings has failed thus far to indicate the beginning of the expected revival of fall business.

## CLAIM BRITISH LOAN MONEY TO CHINESE

SHANGHAI, Oct. 21. (AP).—Korean news agency, today stated that it had received private dispatches from Mukden, Manchuria, saying that two British firms have lent \$30,000,000 (Mexican) to Marshall Chang Tso-Lin, the northern dictator. In return for exclusive rights to build a railroad.

The names of the British firms were not given in the advices, which said that the railroad was to form an important link across the province of Chihli connecting the Tientsin-Tsankow-Nanking line in the east with the Peking-Chientshan-Kaukow line in the west, both main traffic arteries in the province.

**WATERWAY INVESTMENTS.**  
Flood prevention in the Mississippi Valley and the proposed Great Lakes-St. Lawrence and Great Lakes-to-the-Gulf waterways for ocean shipping will be costly undertakings. Major General Edgar Jadwin, chief of army engineers, says that such works, whatever their cost, are profitable projects.

Children's woolen Lumberjacks, \$2.98.  
THE EMPORIUM

"All waterways should be sound business investments," he writes. "They must earn dividends. River and harbor works as a whole have been one of the best investments our government has made."

"Our seacoast harbors, which represent an expenditure of over a third of the total amount expended by the government for all river and harbor works, return annually in the way of dividends or savings to the people in reduced transportation costs a profit of over 100 per cent. Our Great Lakes harbors and connecting channels, with a commerce in 1926 of 137 millions tons, also return a dividend of over 100 per cent on their costs, which total a little over 160,000,000."

"These savings are direct dollars and cents savings to the people in the way of reduced transportation costs. They do not include any credit for custom receipts on foreign trade, increased wealth, new industries, increased taxes to government, increased opportunities for employment for

labor or the increased comfort to communities served by waterways, which for some communities are the sole means of transportation."

When considering the cost of such government projects, taxpayers should consider them not as immediate expenses only, but as investments reaching into the future. If they are sound investments, paying such dividends as the waterways projects cited and others proposed, they are well worth buying.

## PUBLIC BEDS AND FOOD

The genial and veteran editor of the Emporia, Kan., Gazette, after an automobile tour covering about 3,000 miles in his section of the country, makes the following report to his readers: "We slept in little wind-swept desert towns and in the best hotels in larger cities of the region, and every bed was a good bed. Commercial hospitality in the west has been standardized by American manufacturing. It is almost impossible today to go to the open market and buy a bad bed of a dealer, and a long line of hotels, if they have been refurnished in the last half decade, have good beds. That our standardized civilization has done."

"Now about food. The same thing has happened there. Commercial cooking is improving in America. Not that cooks are any better. That average is the same. In the average little town is a man out of a garage who took his job because he didn't get on with a man boss. He has never enjoyed any good food and he doesn't know what good food is. But he buys standard fool-proof foods that can't be spoiled in cooking. Bacon, flour, lard, canned fruits, canned vegetables prepared meals, of ready-made, and a long line of ready-made, or almost ready-made foods make it possible for this man from the garage who doesn't know food from hog wash to serve a fairly palatable meal in the smallest possible cafe. It isn't home cooking. It's commercialized cooking. But you can get it down. So much a standardized civilization has done."

"As a result, wayfarers are living better than they lived in out of the way places 10 years ago. The thing that is happening to America generally is happening to the country hotels. We are all grading up in the standard of living—getting more for our money."

"The three cruisers came home happy. No one tried to gouge us. Everyone was kind and generous. We have met good, hearty, kind people everywhere. Maybe God also is grading up his children. It looks that way."

Every American may take a profound satisfaction in the situation here portrayed. And it isn't peculiar to Kansas, Colorado and Wyoming. Travelers from other sections tell the same tale of accommodation, comfort, "service." Civilization permeates to the remotest corners of a kindly land. It makes a lot of other folks feel like taking the road.

The housewife who lived on a convenient corner, and one where because of a curve in the road there was an easy place to park, found herself losing so much time answering the doorbell that she grew desperate.

If she took two minutes apiece to tell the itinerant vendors of magazines, aprons, encyclopedias, shoestrings and weatherstrips that she was not in the market for such wares, it put her, her day badly. If she allowed every careless motorist in trouble to use her telephone, let the pump, the wrench, the water bucket as often as called for, either she had to stay around until the work was done, or lose a good many tools and buckets.

Finally she put a small card on the door with this legend: "We give nothing at the door. We buy nothing at the door. Gas station, drug store and restaurant half mile east."

Her friends are apt to smile as they read it. There have been fists shaken at it. But for the most part she does her work in peace. And she has saved enough in time and extra house service in the year to increase her donation to the community fund, so that she feels at ease about worthy cases needing help who might be turned away by the sign.

## TODAY'S TALK

By GEORGE MATTHEW ADAMS  
Author of "You Can," "Take It," "Up."

## NERVES

Our nerves have to bear the brunt of a great deal of pounding. Treated patiently and kindly, they fairly leap to give health, inspiration and happiness to the one who owns them.

But abused nerves flounder and growl and run wild as well. Nerves were put into the human frame to act as servants. But in some domestic servants, when ill treated and without consideration, they serve no more, and all is thrown into a state of confusion.

Without a healthy, calm and well ordered nervous system, it is impossible to be strong and able in body or in mind. The large majority of people who are criss-cross and irritable, and who we class as being very unsatisfactory, may in reality be very wonderful persons, but with a rebellious nervous system on their hands, like a ruler obsessed by revolutions.

Rest is the greatest thing in the world to coax tired nerves into submission. Another large

majority of people who are lashed by nerves and who seek rest, do not rest at all. They fail to relax.

Another way to make nerves come back to themselves again is to seek rest, recreation, and happiness in change. Never become tied to anything. The free life is usually the healthiest, as well as the happiest.

Read books that leave you rested and satisfied in mind. Cultivate a cheerful outlook, so that each morning when you rise you may say truly that you are happy to be alive.

And remember that nerves are created as servants—not masters. And how these nerves do serve when mastered! Every great athlete, builder, executive, soldier, surgeon knows this.

Nerves must be treated with consideration for they are more sensitive than a child. But they can be built into veritable "iron men," able to carry you thru the direst emergency. Be good to your nerves—that's all.

## ANNOUNCE PROGRAM FOR GREENE MEETING

Rural Carriers Of Three Counties To Gather At White Hall Saturday Evening—Other White Hall News Notes.

**WHITE HALL, Oct. 21.**—The work of decorating the banquet room of the First Baptist church began today for the gathering of rural carriers of Morgan, Scott and Greene counties Saturday evening. Preparations are being made for more than 100 visitors. It is the eighth annual banquet of the Rural Letter Carrier's Association. The program is as follows:

Song with orchestra—America. Flag salute.  
Invocation—State President Carl T. Whitson, Rushville.  
Banquet with musical accompaniment.  
Introduction of Toastmaster—L. C. Branson, White Hall.  
Address of welcome—Mayor J. H. Piper.  
Response—O. E. Henry, Winchester.

National convention report—State Secretary J. E. Cooper, Shebott.  
Reading—Thelma Payne Ellis, Jacksonville.

Aims and Objects of Ladies' Auxiliary—State President Mrs. B. A. Rowland, Pittsfield.  
Retirement Act—State President C. T. Whitson, Rushville.

It is intended to intersperse the numbers with instrumental solos by Merle Mackey, Edmund Prioleau, Paul Brown and Robert Piper. The local committee is striving to make this the most enjoyable and important gathering yet held.

**Visits White Hall**  
Mrs. Juliette Seor is spending a few weeks in White Hall while Mr. and Mrs. P. N. Shuman are absent from the home in St. Louis on a trip to Arkansas. Mrs. Seor is the widow of the late George W. Seor, the veteran agent of the Chicago and Alton Railroad Co. at this point. She has an affectionate regard for the White Hall friends, and this was returned to her Thursday afternoon at a surprise gathering of thirteen of her lady friends at the home of T. M. Hull on South Main street, the affair being arranged by Mrs. Hull.

The company consisted of Mesdames Norma Bartholomew, G. B. Danforth, Louis Lowenstein, W. J. Roberts, Kate Renner, Cora Winn, A. O. Vossler, H. E. Bell, Frank Dawdy, Amy Stokes, Misses Emma Griswold, Dora McFarland and Ida Kendall. Refreshments of ice cream and cake were an item of importance.

**Contribute To Memorial**  
The results of the contributions on Keller Memorial Day by the schools of Illinois will not be known for some days, and then perhaps only partially. The rural schools about White Hall have made some of the returns, and these will be listed upon the return of Secretary J. D. Rowe from the I. O. O. F. grand lodge at Springfield. Mr. Rowe secured permission for a collection in the grand lodge session Wednesday afternoon, which amounted to \$93.61, according to telephone advice from him, adding that he would return Friday.

In connection with the day the city schools of White Hall inaugurated a canvass for pledges for the proposed Keller memorial for one hour following the close of school for the day, and in that time the sum of \$302.25 was pledged. One subscriber of \$50.00 later informed the girl so-called "Heitor" that he would increase his subscription tenfold if the memorial plans would embrace the erection of a grade building in honor of Miss Keller, and it is said that this offer has been increased with the stipulation that he would be one of the ten citizens to put up \$1,000 for a school building memorial. The argument is that maintenance is assured in a school building, and that a grade school is sorely needed. The family of Miss Keller has registered strong objection to such a form of memorial.

The injection of the school building

idea into consideration of memorial funds seems to have almost unlimited financial support in White Hall, but it will have to take hold with other proposals, such as a building or a fund for the deposit and display of historical material, or a museum, that would produce a revenue. All depends on what form will meet with agreement of all concerned, and the sum of money available.

## SWINDLER WANTED IN MOLINE IS ARRESTED

**CHICAGO, Ill., Oct. 21. (AP)**—On a charge of operating a confidence game, Albert Kingsbury, 45, of Evanston, was taken into custody today.

Kingsbury is wanted by the police of Moline, Ill., in connection with an alleged bogus stock deal in which he is said to have swindled Harry W. Johnson out of \$15,000 several months ago. He is said to be wanted also by California authorities, having escaped from the San Quentin prison, where he was serving a sentence for participating in a large swindle plot.

## NEW ATHENS BREWERS GET VERDICT CHANGED

**CHICAGO, Oct. 21. (AP)**—The conviction of George C. Probst and his brother, Benjamin, of East St. Louis, Ill., on charges of conspiracy to violate the prohibition law was reversed by the United States circuit court of appeals today.

The case was remanded for a new trial. The reversing opinion added that the trial judge erred in not sustaining a motion by counsel for the defendants to instruct the jury for a not guilty verdict because of insufficiency of the evidence.

The two brothers had been sentenced to two years in Leavenworth prison and fined \$10,000. They were tried with 18 other alleged conspirators following a raid on a brewery at New Athens, Ill.

## JAS. HAYES, MURDERER IS SANE; JURY SAYS

**SPRINGFIELD, Ill., Oct. 21. (AP)**—James Hayes, 37, convicted of murdering Mrs. Dolly Platt was declared sane by a circuit jury today. The jury found that they would file a motion for a new hearing tomorrow.

Hayes who is alleged to have killed Mrs. Platt with an axe, was originally sentenced to be hanged today, but the execution will be held in abeyance until the sanity issue is decided.

## MISS TERHUNE'S RECITAL PLEASES AT LINDENWOOD

Friends here have received an account of the appearance of Miss Grace Terhune, resident of this city, in her first recital as voice instructor at Lindenwood college, St. Charles, Mo.

One of the recital states that "Miss Terhune's selections were delightful, and her lovely voice and personality entirely won the hearts of the student body. The wide range of her clear soprano voice, which is of lyric quality, made the selections more brilliant."

"One of the numbers which seemed to be most popular was Puccini's 'Aria,' 'Vissi d'Arte' and as an encore to this Miss Terhune sang 'When the House is Asleep.'"

To all who pray, and to all who do not, but should  
To all who doubt and are seeking light  
To all who sin and need a Saviour  
This church in Jesus name says "Welcome."

**Northminster Presbyterian.**—R. Washington Burton, minister. Mrs. Grace Frank Ferreira, organist. Knowing and Doing. Wordsworth. In his poem on knowledge, imitates the duty of the State to be truthful, by saying: "And improve the mind with moral and religious truth, both understood and practiced." Today our efforts are bent more on increasing our knowledge than on improving our conduct. We all know more than we live up to. We know Christianity very much more clearly in our intelligence than others witness it in our lives. We understand Jesus Christ better than we live Him. Our practice lags lumberingly behind our knowledge. Conscience is always ahead of conduct; knowing of doing. In almost no respect do we practice, in morals, all we know. Now it is remarkable that notwithstanding this state of things, our efforts are set on increasing our knowledge rather than on improving our conduct. Churches are still busy at work purging and elaborating and refining their creeds. Thus is Christianity of the head continually refined while Christianity of the heart and conduct remain on an average, below par. The greater need is, to practice, to act on what we know, not to know more. "Blessed are they that hear the word of God and keep it." Divine worship Sabbath morning at 10:45 o'clock; subject of sermon, "Living—the Fruit of a Christian Life." A reminder: the selfish people is the fact that the dead sea is dead because it has no outlet. "Give, not from the top of your purse, but from the bottom of your heart." Evening worship a 7:30. Subject of sermon, "The Heavenly Road. Keep to the right and you won't miss it." Church school at 5:30 a. m. William Bieher, superintendent. Christian Endeavor meeting at 6:30 p. m. Can we count on you, young people, or must we count without you? Prayer meeting Wednesday evening at 7:30. Your presence is needed at all the services. You need all the services.

With the Illinois School for the Deaf meeting in session, the homecoming game scheduled for today was postponed until November.

The Tigers will go into their battle against Wisconsin today with the hope of surprising the strong Badger eleven today long enough to score a touchdown, even if they do not win the game.

Curtis, fullback, Beeley and Ladd, halfbacks, Tucker, quarterback, are the men who will probably take the field in the Wisconsin battle today.

Coach Schell, who left for the high school at 7:30 this morning for Peoria and Coach Beeley, who left for Springfield at 8:30, are expected to return today.

## FOUR MAIN BATTLES LISTED FOR BIG TEN

Northwestern-Illinois, Chicago-Penn., Michigan-Ohio, and Notre Dame-Indiana Games Will Hold Spotlight.

CHICAGO, Oct. 21 (AP).—Four games of major importance that will move the western conference football race a step further toward settlement came up for decision tomorrow with Chicago and Indiana meeting outside competition in games that will attract national attention.

The winning streaks of Michigan and Northwestern, both undefeated since the middle of the 1925 season, have made their games stand out as the leading gridiron attractions.

Ohio State, beaten by Northwestern a week ago, will make Ann Arbor a hot spot for the Wolverines.

Coach Wenden's Wolverines defeated Michigan's new \$2,000,000 stadium with prospects of a record breaking crowd of 80,000 viewing the spectacle.

The Ohio-Michigan game will go a long way toward determining how strong the Wolverines are for the current campaign. Some of the side-line experts figure the Buckeyes as the stumbling block of the conference team now on. They figure that Ohio, now probably out of the race, because of last Saturday's defeat, can concentrate the fury of its attack on the Maize and Blue with nothing to lose and everything to win.

### Illini Battle Experts

Illinois, undefeated this season because it has not yet played a conference game, will attempt the seemingly impossible task of upsetting Northwestern in a game that promises to be extremely speculative as to the result. The football experts have their tongues in their cheeks, and are not making any out-and-out prediction. Coach Hanley of Northwestern has his machine hitting on all six cylinders, but Zupke of Illinois is noted for his upsetting propensities.

Zupke is certain to have a clever overhead attack in the backfield, and Illinois must also have a set of forwards on the field that can stand up under the battering handed out by the Northwestern line.

Coach Zupke has kept his players pretty much under cover this season, shifting them around in the three preliminary games.

The Northwestern-Illinois battle will be witnessed by an attendance in excess of 50,000, and so will the inter-sectional contest between Chicago and Pennsylvania at Stagg Field, Chicago, has not been six times in football, and the 5-5 tie game of 1899 is the best the Maroons have done in the series.

### Stagg Wants Win.

It is no secret, however, that "Old Man" Stagg has a way of winning games he wants most whenever he has anything that resembles a team possessed of football intelligence.

Stagg has been pointing the Maroons for tomorrow's game since the opening of the practice season, and is not hiding his desire to "take" Penn this year.

Chicago is apparently drawing a Penn team that is none too good this fall. The Quakers crumpled up before Penn State 20-0 last Saturday and have been hard hit by injuries.

The other games drawing the spotlight will be the Notre Dame-Indiana affair at Bloomington and the annual battle between Minnesota and Iowa.

Minnesota's claim to fame came last week when the Hoosiers held Minnesota to a tie, but their troubles will take a new form tomorrow when Coach Rockne's whirlwind sweeps down upon the Indiana stadium.

Minnesota's fray with Iowa at Minneapolis will give the Gophers a chance to start building up a new reputation by running up a lopsided score on the Hawkeyes.

Purdue and Wisconsin, both beaten out of the race, will meet on a consolation game at Madison, both teams are strong, despite their defeats, and the experts find little to choose between them.

### Football Results

St. Viator College 6; Columbia 0.  
Oakland City 7; Vincennes University 0.  
Danville Normal 38; Rose Poly 6.  
Mississippi College 12; M. Lipscomb 0.  
Muncie Normal 12; Indiana Central 12 (tie).  
Cornell 21; Ripon 7.  
Daynesse 8; Thiel 7.

### CHICAGO V. COLLEGE BEATS NORTHERN TEACHERS

DeKalb, Ill., Oct. 21 (AP).—The Chicago Y. M. C. A. college to date defeated the DeKalb State Teachers' College 18 to 13 in the first home football game of the season for the teachers.

### RAY SCHALK BACK

Chicago, Oct. 21 (AP).—Ray Schalk, manager of the Chicago White Sox, returned to Chicago today after a two week's visit to President Comiskey's farm in northern Wisconsin, but refused to say whether his contract for 1928 was discussed.

## "FAN BREEZES"

Everything is all set for the Illinois College Homecoming today.

Hilltop students began their celebration with the big bonfire near the field, but called off the piñata parade.

Whether they were afraid to go to the Wisconsin college and the same treatment Wesleyan students received when they called on the Illinois State Normal boys, will never be known.

Athletic Director Wren, formerly assistant coach at Illinois College, gave first call for his Springfield K. of C. basketballers the other day.

An independent basketball team has been formed at Lincoln with Layman, former Lincoln college star, and many others reported on the roster.

But to get back to this Homecoming affair which is going to affect the city for a few hours today, there is going to be one of the knock-out parades ever run-off by the college youths.

Coach Harmon yesterday had the field given a bath, in order to get it in a soft condition for the battle today.

And remember, this morning's parade is all in fun.

Additional joy was noted on the Hill yesterday when the chapel service when President C. H. Spangham announced that the remaining part of the land needed to fill out a new twenty-acre tract for an athletic field had been purchased.

The new field will probably be ready for use next year, which that Old Illinois will have one of the finest athletic fields in the Little 19.

It is probable that the old athletic field will be used for games for a few years, but plans are being made to make a stadium out of the new tract.

One of Monmouth's football captains did not make the trip with the team, according to the poster which was filed last night at a local hotel.

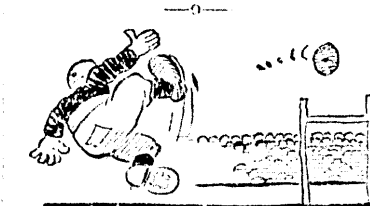

However, the other one is here with the team.

Captain Graham was injured in the game at Beloit last Saturday and will be out of the game here and the one next Saturday.

Tom Ogle, who was also injured in the Beloit game, made the trip with the team, but at the time this column was made up, it was impossible to get in touch with Coach H. L. Hart to find out if Ogle would be in the starting lineup.

Girls in Freshman high school are earning enough money to buy basketball uniforms by washing automobiles.

Two Illinois Wesleyan athletes are out of the game this Saturday against Carthage on account of injuries. The outcome of this game will be of interest to Illinois College fans for Illinois and Wesleyan tangle in the near future.

Imagine this one—turning down a ticket to the Army-Navy football classic.

President Coolidge did it.

Oh well, he probably hasn't been able to keep up with the rule changes and is afraid he will cheer at the wrong time.

But we bet his son John is sore about it. Imagine having to sock down plenty of coin for admission to the game when his dad could have turned over his comps to him.

We'll see you at the football game.

### TULSA AND OKLAHOMA CITY MAY TRANSFER

Dallas, Texas, Oct. 21 (AP).—A favorable report on the admission of the Tulsa and Oklahoma City baseball clubs will be made to the meeting of Texas league heads here tomorrow by the committee which conferred today with representatives of the two former Western league clubs. President Donk Roberts of the Texas league, who made the announcement late today, said the committee also would recommend the formation of a ten club league.

## BAREFOOT BOY

Oregon State Freshman From Hawaii Punts 60 Yards Minus Shoes

### HENRY HUGHES

"The barefoot boy with shoes on" is what they call Henry Hughes, Hawaiian fullback on the Oregon State freshman football team. He practices punting in his bare feet and sends a ball off his bare instep for 50 and 60 yards. He claims to have learned how to punt barefooted in his native land where he went to school and played football in his bare feet.

## Illini Stop But Short While at Purple Stadium

CHICAGO, Oct. 21 (AP).—The tricky Illini paused at DePaul stadium today only long enough to look the place over as it is the first visit to Northwestern's new football field. Then they went on to their country club quarters for some secret practice.

Last minute information indicates that both coaches will start tomorrow with the same lineups which led off the fray a week ago. Some of the stars are suffering from injuries, but not sufficiently important to keep them out of the sidelines. Rudy Schuler, Northwestern tackle, hasn't missed a minute of play all season.

### The probable lineup:

Illinois	Position	Northwestern
Grange	LT	Johnson
Gordon	LG	Schuler
Muegge	LT	Hazen
Reitsch	C	Wyman
Cane	RG	Dart
Nowack	RT	Karstons
Wolstast	RE	Kent
French	Q	Levison
Miller	LT (C)	Gustafson
Tim	RB	Holmer
French	FB	Lewis

## WINCHESTER TIES UP WITH MODESTO 6 TO 6

Winchester, Ill., Oct. 21 (Special).—Winchester and Modesto high schools played a 6 to 6 tie game at Winchester today. The game was a touchdown in the second quarter for Winchester and Love went over in the last period for Modesto.

The game was hard fought throughout. Love for Modesto played a great game, tearing thru the Winchester line time after time for good gains. Phil for Winchester also tore thru the Modesto line several times for long gains.

While the game was closely contested Winchester had the ball in Modesto territory most of the time.

Lineup: Winchester (6) Modesto (6)  
Alfredson LE G. Roosa  
Edwards LG Welch  
Coates C Coultas  
Gibbs RG Green  
Welsh RT Smithson  
Tagel RE Andell  
Buck QB Slagle  
Jones RH Sturgeon  
Love LH Coughlin  
Pileman RB Pile  
Referee: Bergstrom, Illinois College.  
Umpire: Bowman, Griggsville High.

### SANDE TO RIDE CHANCE

SHOT OR OSMAUND TODAY (Chicago, Oct. 21 (AP).—Elmer Chance Shot or Osmaund, the star colts of the J. E. Widener stable, will carry Earl Sande, America's premier jockey, in the \$15,000 American national handicap at Arlington Heights tomorrow, and whichever horse Sande rides probably will be the favorite of the field of sixteen probable starters.

McLeod, Spencer in the Washington, Oct. 21 (AP).—Freddie McLeod, professional at Columbia country club here, and Glenn Spencer, of Green Spring Valley hunt club, of Baltimore, were tied with scores of 146 at the conclusion of the first 36 holes of the Middle Atlantic open golf tournament on the Indian Springs course today.

## VRIDEN BREAKS INTO M. S. M. LEAGUE LEAD

Stop Long String of Wins For Waverly by Winning 9 to 0—Both Teams Make But Three First Downs.

Virden, Ill., Oct. 21 (Special).—Virden practically clinched the Macoupin, Sangamon and Morgan county conference football championship today when they defeated the strong Waverly high school by a score of 9 to 0. It was the first defeat for the Waverly team this season. After battling thru the first quarter of the game without either team scoring, Virden broke thru in the second period and with the aid of a penalty put the ball on Waverly's six-yard line. The ball was then taken over for a touchdown. The try for the extra point was blocked.

In the third period Waverly by a series of forward passes took the ball down the field to Virden's 25-yard line. The Virden line held and on aumble Virden recovered the ball. Virden worked the ball down the field to the Waverly 20 yard line from which a dropkick went over for a field goal.

In the last quarter Waverly again carried the ball down the gridiron to Virden's 10-yard line, but the Virden boys held and Waverly lost the ball.

The latter part of the last period found both teams unable to gain.

Both teams made but three first downs during the entire game.

## CHAMP 20 YEARS AGO TIES IN GOLF MATCH

WASHINGTON, Oct. 21 (AP).—A former national open champion who won the title nearly 20 years ago—Fred McLeod of the Columbia country club of Washington, tied with Glenn Spencer, long hitting professional of the Green Spring Valley hunt club of Baltimore for the lead in the first days play in the Middle Atlantic open golf championship at the Indian Springs club today.

McLeod, who holds the Maryland open title, and Spencer, who is regarded as one of the longest hitters in the game, tied for first place over the first 36 holes of the 72 hole event at 146, four over par for the course. McLeod had rounds of 74 and 72, while Spencer had 75 and 71, the only man in the field who equalled the par of 71 on a day of roistering winds over a raw soaked course.

Four strokes back of the leaders came Tommy Armour of Washington, national and Canadian open champion, tied at 150 with Craig Wood of Baltusrol, N. J., and R. Cliff McKimkie, unattached professional of Washington.

## ILLINI ROOTERS TAKE TRAINS TO BIG GAME

URBANA, Ill., Oct. 21 (AP).—Not since the famous "Red" Grange made his Chicago debut in 1925 has there been such a migration of Illinois students toward Chicago. More than 2,000 of the Illini will follow their team to Northwestern University tomorrow, headed by the 150-piece university band. The special trains will handle 3,000 and hundreds of others are making the trip by automobile, and two students reported to be planning a trip by airplane.

## RIDES FOUR WINNERS IN DAY AT RACETRACK

CHICAGO, Oct. 21 (AP).—Here ("Slurp") Philpot, a California youngster, achieved the unusual feat of riding the winners of the first four races today at the Arlington Heights track. Philpot is only 18 years old and weighs but 95 pounds. In the third and fourth races, the crowd backed out liders because Philpot was aboard, and he rewarded their confidence with victories.

Philpot is still an "apprentice" rider, receiving the weight allowance granted jockeys for one year after their first winner.

## JOESTING OUT OF BIG GAME WITH BAD FOOT

MINNEAPOLIS, Oct. 21 (AP).—Minnesota's fast dwindling man-power today received a punishing jolt on the eve of the big Homecoming tussle with Iowa when Captain Herb Joesting, mightiest of the mighty, was taken to the student hospital with an acute infection of the foot.

News of the misfortune which had overtaken the all-American Gopher captain, hit the Minnesota camp like a crashing peal of thunder out of a clear sky, catching Dr. Clarence Spear's entirely unawares.

A late hospital bulletin failed to bring any cheering news and Dr. Spear's resigned him to the loss of his main cog for the Iowa contest. The infection, caused by a shoe irritation, had taken such hold that lancing was found necessary.

### TO CHICAGO

Merle Green left last night for Chicago where he will spend the week-end visiting at the home of his sister, Mrs. Paul Schroeder.

Joe Williams of Chapin was a business visitor in Jacksonville Friday.

Time of game: 2:30 p. m.  
Place: Illinois College Field.

The big day has come! Today, following a big parade in the morning, Illinois college will tangle football clothing, colors and dirt with Monmouth college on the Illinois college football field, beginning at 2:30 this afternoon.

On paper—Note please on paper the teams seem evenly balanced. Both teams have come out with spurs, but Illinois has the edge in the number of veterans. Monmouth has won one game and lost two this season, and in one of the games which were lost, scored a touchdown against the University of Iowa. Illinois has lost one game, tied one and won one, failing to score in one game, but outscored heavily in the two other encounters.

Monmouth arrived here last night after an overland trip and was quartered in a local hotel for the night. Coach H. L. Hart put his men to bed early last night and left instructions to have them out of the hay by eight o'clock.

However, Monmouth arrived without one of the captains, for the team has two. Captain Graham, one of the main cogs in the machine which last year defeated Illinois before a large Homecoming crowd on the Monmouth plot 7 to 2 after being fought to a standstill for 55 minutes of play-time, being left at home. Captain Graham was injured in the game with Beloit college last week-end when the Red and White downed Beloit 25 to 0.

Captain Alex Thom, the other member of the dual captaincy, was on hand last night. Tom Ogle who was also injured in the Beloit game, has recuperated enough to make the trip but it had not been determined last night as to whether he would start in the game today.

But two of the Monmouth players who played Illinois last year are scheduled to start the game today. Thom, left end, who also made a name for himself on the cinder path, and Barr, left guard, are the only letter men left for Coach Hart to send into action today.

Coach Hart said last night that he believed his line would average about 170 pounds and his backfield about 160 pounds. Here, at least, Illinois will have the advantage, for the Illinois forward wall will average about 174 pounds and the backfield about 170 pounds.

All of the Illinois regulars, with the exception of the two who are out with broken bones, will be ready to get into action today, all of the injuries healing during the last week in good shape. Coach Harmon, although not acknowledging any starting line-up, it was thought would start Goldy and Klatt, ends, Hopper and Zimmerman, tackles, Oakberg and England, guards, Voigt, center, Cusa, quarterback, Ekeditch and Schuster half backs, and Conrady, fullback.

Voigt's injury, which kept him out of the Carthage battle until the final quarter when he went in and snatched a pass which was eventually turned into the tying score of the game, has completely healed during the week, and Zimmerman is also ready to get back in the struggle after a few days' rest.

Illinois College students began their decorating for the event last night, invading the downtown district early in the evening after the bonfire, and tying up Blue and White with Red and White streamers. Later in the evening their white-wash brigade made a quiet entrance into the business section and decorated the paving.

Considerable enthusiasm is being shown over the second home showing of the Illinois squad and the largest crowd of the season is expected out to watch the Homecoming struggle today.

## CHANNEL SWIMMER OF LONDON FAILS AGAIN

LONDON, Oct. 21 (AP).—The vindictive swim of Miss Mercedes Gletitz was thwarted today by the cold waters of the English Channel when the London tylist was eight miles from her goal—the Cliffs of Dover.

Starting from France at Cape Gris-Nez, to swim to England early this morning, she battled the chill of the channel waters until afternoon when she was forced to give up the unequal struggle.

The young woman swimmer was reduced to a state of semi-consciousness by the intense cold and seemed half asleep when she was taken to Folkestone Harbor.

Miss Gletitz was attempting to repeat her channel swim of Oct. 7, as a gesture of "vindication," declaring that after the hoax perpetrated by Dr. Dorothy Cochran Logan, "something must be done to restore the prestige which Dr. Logan's criticisms have impaired."

Washington, Oct. 21 (AP).—The football bug apparently hasn't dug in at the white house.

The annual Army-Navy game, which has often drawn the chief executive to the side lines, has no unusual appeal to President Coolidge this year, and it was announced today that he would not attend the classic in New York next month.

## Stagg Asks Penn Coach to Watch Signal Practice

CHICAGO, Oct. 21 (AP).—The non-scouting agreement with Penn was broken by Coach A. A. Stagg of Chicago tonight, when he led his Maroons out on Stagg field for practice, as the Quakers were going in to the showers.

"Stay and watch our signal drill," Coach Stagg invited the Penn coaches, and five of Coach Lou Young's assistants remained to watch the Maroon plays. Young himself had left the field before Stagg arrived.

A brand new rubberized rain coat was spread over the gridiron tonight, to forestall either rain or freezing, although there was little prospect of either break in the Indian summer weather.

## MODISH MITZI

Whose Wedding is This, Anyway?

By Jay V. Jay

It's to be a small wedding. But that doesn't make it possible to get the bride's veil adjusted quickly. Mitzi feels a great responsibility about how this wedding turns out. Not only that but there's her own dress, with the chiffon steaming from the neck and winding itself around to

reach the belt. There's Eleanor's dress (she's maid of honor) with the simple, tight bodice and full skirt meeting it with cartridge pleats. There's Polly with a lace dress the top of it following bolero lines in two tiers. No matter if it is late, clothes are clothes and have to be given consideration.

It took time to fix the bride's veil. A veil of no less than three layers of tulle growing out of a lace cape. Dora's dress is of white satin with a tight fitted bodice and yoke and sleeves of Alencon lace. The skirt dips into a train at the back and is knee length in front. "It's late,"

stage whispers. Dad for the eleventh time and a little desperately, "you'll have to come Dora." Dora was ready hours ago. It's Mitzi who is delaying things. And Dora, poor dear, thought this was her wedding—but not when Mitzi's managing it!

Tomorrow—Street Costumes.

## CHAPIN SOCIAL CLUB IN ANNUAL SESSION

Miss Amy Moody is hostess to a delightful affair in Chapin—Other Chapin News Notes.

CHAPIN, Oct. 21. The annual meeting of the Chapin Social Club held Thursday night at the home of Miss Amy Moody was one of the most delightful events of the early fall. The elaborate decorations suggested the fall festival and the jolly games and stunts included in all a late hour was suggestive of Halloween. In the stunts and contests, Mrs. Glen Kneeland, Vivian Kneeland and Fred LaKamp were prize winners.

An interesting program was the feature of the early part of the evening and was carried out as follows:

Piano solo—Miss Ruth Hutches. Reading, "The Angel Prisoner." "Miss Edith Helps Things Along."

Vocal solos, "Home, Dearie, Home," "Off To Philadelphia"—Frank Calloway.

Reading, "By Courier" (O Henry). "The Man in the Moon" (James Whitcomb Riley)—Miss Elvira Richardson.

Piano solo—Miss Amy Moody. A delicious two-course supper was served by a committee in charge. In addition to the club members and their families the following guests were present: Miss Jessie Simpkins, Miss Elvira Richardson, Miss Melba Richardson of Jacksonville; Mr. and Mrs. E. H. Nienhanser and Miss Ruth Hutches.

Mrs. Henry Vortman was hostess to the Ladies Aid society of the M. P. church, Thursday. Roll call was answered by naming "Noted Ministers." Mrs. C. W. Law gave a missionary talk. The hostess served dainty refreshments.

Mrs. Annie B. Calloway was pleasantly remembered on her birthday, which occurred October 21st. Among the gifts so highly prized were a book of kodak views of the family and home and family life of a daughter in South Dakota, beautiful chrysanthemums from a daughter in Decatur, and carnations from a son and daughter in Chapin.

Mrs. J. C. Dail, assisted by Mrs. C. F. Duckett were hostesses to the Pastoral Helpers of the Christian church, Thursday.

Miss Amy Onken left Friday for Norman, Okla., to visit the P. Beta Phi chapter at the State University located there.

## RUTH ELDER TELLS OF FLIGHT ACROSS ATLANTIC IN SHIP

Says She Slept in Plane After Thirty Hours Going Over Ocean

LISBON, Portugal, Oct. 21 (AP)—At Ponta Delgada, Azores, Ruth Elder, chatting with a group of friends and new acquaintances, among them a representative of a Lisbon newspaper, gave a recital of her flight with her co-pilot, Haldeman, which will be published here tomorrow.

Miss Elder said that her original vague idea of crossing the Atlantic took full form only thru the persuasions of her friends that she should make such a flight, and offered her a plane for this purpose.

This decided her. Owing, however, to the difficulties prior to the start of the plane, both aviators were greatly exhausted when the machine finally took the air. During the entire flight, she said, because of the weight of the gasoline, the plane showed a constant tendency to nose downward, which obliged the aviators to take turns in making their way as deftly as possible toward the tail in order to maintain the proper incline and position.

After thirty hours of the flight, Miss Elder was exhausted and slept heavily for two hours, when Haldeman awoke her. He asked her, she said, to thump him on the back hard to prevent him from falling asleep.

Then they discovered a leak in the oil feed tube, and oil spread all over the machinery. It became necessary to diminish the speed from 120 miles to 70 miles. Eventually they resolved to descend on the stormy sea, and seized the opportunity when the Dutch Steamer Barendrecht was sighted.

When they had been taken aboard the steamer, the explosions and burning of the plane soon followed and Miss Elder confessed to having wept when she saw her beloved plane swallowed up by the tempestuous sea. Right then and there she bound herself solemnly to make a new attempt to cross the Atlantic if no other woman did so before her.

Then they discovered a leak in the oil feed tube, and oil spread all over the machinery. It became necessary to diminish the speed from 120 miles to 70 miles. Eventually they resolved to descend on the stormy sea, and seized the opportunity when the Dutch Steamer Barendrecht was sighted.

## EDISON BROADCASTS OVER BIG HOOK-UP

NEW YORK, Oct. 21 (AP)—Thomas A. Edison, working as hard at 80 as in his youth, would be glad to live his life over again with all its disappointments and successes. He declared tonight in a radio interview which was broadcast thru 43 stations from coast to coast.

The first formal appearance of the electrical wizard before the microphone was in an interview which was part of a radio program celebrating the 48th anniversary of his invention of the incandescent lamp.

He believes the incandescent lamp to be the most important of all his inventions, he said, and is convinced that the development of electricity has been the greatest factor in modern human progress. Its possibilities, he believes, are endless.

Government management of business and industry he condemned. "It is fatal to success," he said. "The government should only regulate and never manage private business in its relations with the public."

Hard work never shortens any man's life if he likes the work, the inventor asserted, and most great inventions may be attributed to young men because their youth gave them greater energy and will to work.

Any man's productivity, he said, depends wholly upon his health, ambition and will to work.

The interview with the inventor took place in his own library at his laboratory in West Orange, N. J. It was "cut in" on a hook-up of 43 stations.

shares.  
Total bond sales (par values)  
\$12,168,000.

NEW YORK, Oct. 21. (AP)—  
The stock market today opened  
break, turned around under  
the leadership of the oil and high  
grade rails and Industrials, and  
then broke wide open in the last  
few minutes of trading. Net de-  
clines in scores of active issues  
ranged from two to five points,  
with a few larger losses. Houston  
Oil was the outstanding weak-  
spot, collapsing from an early  
high of 167 1/2 to 151, off 16 points  
net, on publication of an unfavor-  
able nine months earnings report.  
Total sales ran above 24 million  
shares, and it was 22 minutes after  
the market closed before the final  
quoting was made.  
Although many observers were  
inclined to regard the reaction as  
a further correction of the mar-  
ket's weakened technical position,  
the liquidation of stocks undoubt-  
edly was stimulated by bearish  
trade news. The weekly mar-  
ket quotations continued to report  
irregularities in general business,  
though car loadings have been  
disappointing, third quarter earn-  
ings reports generally are falling  
below expectations, and some un-  
certainties has developed over the  
recent decline in commodity prices.

Disregard Call Money Rates  
Easy call money rates, appar-  
ently the chief influence  
during the recent advance, have  
been disregarded almost entirely  
this week. Call loans were quoted  
all day at 2 1/2 per cent with "con-  
siderable" funds available as low as  
1 1/2. The increase of nearly 40,  
000,000 in brokers' loans reported  
by the federal reserve bank yester-  
day also was disquieting, altho  
it was generally conceded to be  
due to the temporary financing of  
new bond offerings, which have  
exceeded \$200,000,000 since the  
week.

U. S. Steel common and General  
Motors touched new low levels on  
the current downswing at 139 1/2  
and 127, as against the year's  
highs of 160 1/2 and 141, respectively.  
Steel had sold as high as  
142 1/2 earlier in the session and  
Motors at 131 1/2. American Tele-  
phone dropped from 174 1/2 to 172.  
Commonwealth Power from 69 to  
65 1/2. DuPont from 32 1/2 to 32.  
General Railway Signal from 131  
to 122. International Harvester  
from 29 1/2 to 28 1/2. Tinklen Roller  
Bearing from 117 to 111 and War-  
ren Bros. from 134 to 128 1/2.

Railroads Break  
Some sharp breaks also took  
place in the railroad shares. Lehigh  
Valley was the hardest hit,  
dropping from 100 1/2 to 92. Ches-  
apeake & Ohio fell from 208 to  
201 and Erie common from 67 1/2  
to 63.

Time money rates were un-  
changed at four to 4 1/2 per cent but  
prime commercial paper was again  
available at 3 1/2.

Foreign exchange rates were  
irregular, with some rather sharp  
advances in Norwegian, Spanish  
and Polish currencies. Sterling cur-  
rency held fairly firm around the  
year's high of 4.87 7/32.

A further collapse of about two  
cents a bushel in wheat prices,  
carrying them to new low levels  
for the season, featured the com-  
modity market. Selling of wheat  
was influenced by reports of large  
Canadian shipments and the con-

## COMPLETE PLANS FOR ODD FELLOWS MEETING

Annual County Conference to be held in Jacksonville Monday Night—Sessions Open at 1:30 O'clock.

Plans are complete for the annual meeting of the Morgan County Odd Fellows Association, which will be held in Jacksonville on Monday, Oct. 24th. All meetings will be held in Odd Fellows Hall on West State street.

The first session will convene at 1:30 o'clock p. m., and the business of the association will be transacted and officers elected during the afternoon.

The evening session will convene at 7:30 o'clock and will be open to all Odd Fellows and Relatives. This session will be given over to stunt entertainment by various lodges of the county, followed by a social hour and refreshments.

Each lodge will be represented at the afternoon and evening sessions. The present officers of the Association are R. L. Dumas, president and A. G. Cody, secretary-treasurer.

The refreshment committee consists of Asa Robinson, Ira Patterson, and Gus Berquist from Highland, No. 1 and William E. Thompson, James R. Rice and Thomas Mitchell from Utrania lodge, No. 243.

## BRING GRAND VILLA

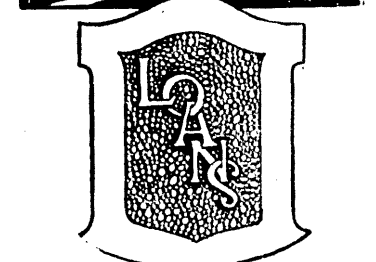

MAN HERE TO HOSPITAL. Bert Waggoner of Grand Villa, Ill., fractured his skull recently when a large limb of a tree he had just cut struck him. He was brought to Our Saviour's hospital, where he is being given medical treatment, but his condition is very serious.

His injuries have been examined and after two days of watching he seems to be holding his own. At first the physicians despaired of his life.

## PURCHASE PROPERTY I. C. ATHLETIC FIELD

College Buys William Kirby Property For New Field—Twenty Acres to Be Used For Sports Events.

Illinois college has completed a transaction whereby it becomes the owner of 20 acres to be used as an athletic field. Purchase of the William Kirby property at the corner of Lincoln and Mound avenues, which was announced yesterday morning by President C. H. Rammekamp, at the college chapel exercise, follows a gift of 15 or 16 acres, south of the residences on Mound avenue, to the college by Andrew Russell, chairman of the college board. The field is to be known as the new Russell Athletic field.

President Rammekamp in telling the students Friday about the purchase of the Kirby property referred to the magnificent gift which had been made by Mr. Russell last spring. Mr. Russell donated to the college, at that time, his own property and some other pieces which he bought, amounting to between 15 and 16 acres.

In order to "round out" the whole project for the new athletic field of the college, it was necessary to secure also the Kirby property. It is within recent days that the transaction for the purchase of that property has been completed, the deeds to the property having been placed on file in the county recorder's office Friday.

The purchase includes both the residence lot on the corner and the balance of the property extending south on Lincoln avenue. With the construction of a new gymnasium, which the college hopes to accomplish in the near future, ample provision will have been made for the promotion of sports on the Hill.

## NAME BLIND TEACHER TO I. C.

Joe Patterson Smith has been appointed as acting professor of history at Illinois college according to an announcement made yesterday morning. He will take charge of the work of Professor Marion Dargen who is forced to give up his duties for the year on account of illness.

Mr. Smith is blind. He lost his sight in the World War where he served with the marines in a number of important engagements. He has his A. B. degree from the University of Chicago. He also acted as instructor of history on that faculty for one year.

Mr. Smith will begin his work at Illinois next Monday.

## PARADE, FOOTBALL TO FEATURE HOMECOMING

Alumni and Students of Illinois College to Join in Annual Celebration Today.

The annual Homecoming celebration of Illinois college will start this morning at 10 o'clock, when the entire student body with the alumni and former students, parade down West College avenue, around the square and down to the Illinois Woman's college. Great plans have been made for this day, which includes a program of many interesting events.

Preparations for the homecoming began last night in earnest. The students "broadcast" themselves by riding up and down principal streets in the city, and playing on an unphone. A big bon-fire and pep meeting at the college featured the early portion of the evening. Later last night decoration of the streets began with crepe colored paper in the colors of the two schools.

The parade is scheduled to leave the college campus at ten o'clock and will go down West College avenue as far as Church street, where it will cross to West State street and fringing about the south side of the square the students will make their way to the Woman's college, where they will give several yells to arouse the interest of their sister students in the game of the afternoon. Coming back they will reverse their direction and come around the north side of the square to West State.

The homecoming parade will be headed by two students riding horses decorated in the college colors, blue and white, the college band and football players. After this there will be a number of floats decorated in a variety of different fashions and the nobo band with its float showing two ways of getting through college. Next will come a picture of "Old Sturtevant" and the faculty. Following them the cheer leaders will be seated on an extension truck and then the student body. In the rear there will be a tractor, which will illustrate the importance of steel, dragging a battered wreck of a flier, which will be Monmouth after the game, the students say.

The football game with Monmouth starts at 2:30 o'clock in the afternoon, and a real game is expected. Immediately after the battle the freshmen of the college will have a tug of war with the sophomores and the losers will have to go through water from a fire hose going at full force.

During the early part of the evening the annual "I" banquet will be held, after which at eight o'clock the "Homecoming" dance will be the program of the evening. The gymnasium for the occasion has been decorated most attractively in a color scheme of orange and black. There is a lowered ceiling of black and orange, crepe paper curtains at the windows, and pumpkins and cornucopias all about the room, giving the place the atmosphere of Halloween. Music is to be furnished by Skinner's orchestra.

Chaperons for the dance include: Dr. and Mrs. C. H. Rammekamp, Dr. and Mrs. R. O. Bussey, Dr. and Mrs. DeMerle Wolf and Dean and Mrs. C. S. Chappelier.

## FRIENDS, NEIGHBORS AID INJURED FARMER

Thirteen teams and one tractor were used Wednesday of this week, by neighbors and friends of Earl Farmer's, in sowing 35 acres of wheat on his farm Mr. Farmer was seriously burned two weeks ago.

Those who took part in seeding the field included Charles Bateman, Presley Wood, Ed Augstiff, Bob Covey, Walter and William Roulund, Bill Rynder, Bill Sitten, John Wood, John Weatherbee, Cleve Eldridge, Walter Samples, John Berndt and Albert Collins. It goes without saying that Mr. Farmer appreciated the assistance very much.

## TREBLE CLEF CLUB HOLDS PEP MEETING

A most enthusiastic pep meeting was held yesterday afternoon at 3:30 o'clock at the Jacksonville High school in the form of a musical comedy, which the members of the Girls Treble Clef club of the school gave, under the direction of their advisor, Miss Lena Hopper.

The plot and words of the musical were written by Jean Ferguson. The main part was taken by Margaret Goebel, who was assisted by the other members of the club. The idea of the comedy was that which had to do with High school students and their interest in school sports. Harriett Ranson was at the piano.

A representative of Gordon and Ferguson will show their new line of Ladies' Fur Garments on our second floor today. This firm is too well known to need an introduction. We invite you to inspect this wonderful display. WADDELL'S

## "FARM ECONOMICS" IS ROTARY THEME

"Farm Economics" was the subject of an address delivered at the weekly luncheon of the Rotary club yesterday noon by G. E. Metzger, director of organization of the Farm Bureau, whose headquarters are in Chicago.

Mr. Metzger gave figures to show that the "farmers dollar" had shrunk to 69 cents and said that a higher standard of living for the farmer must be brought about if young people are to be kept on farms. He said that the average age of men on farms today was 50 years while that of those in industries was 38.

He stated that the present tariff did not benefit the farmer to any great extent. He favored the McNary-Haugen bill as a solution of the present farm situation.

E. E. Crabtree in speaking of the farm problem said that he too favored the McNary-Haugen bill as a help to the farmer. He called attention to the large number of farm foreclosures recently and said that the farmer was really racing a serious situation. While the bankers of the west realized the seriousness of the situation, eastern bankers are of the opinion that the farmer will be able to solve his problem without government assistance.

President S. N. Clark announced that E. B. Hillman, governor of the 44th district of Rotary would be present at the meeting next Friday for his official visit.

Guests of the club yesterday were: H. D. Mencer of Council Bluffs, Iowa; Judge Charles P. McClelland of New York, and L. W. Karnes, a Rotarian from Springfield.

## THIEVES STEAL FROM TWO PERSONS

Clothing, a few pennies, postage stamps and other articles were stolen by thieves in the city Thursday night. J. A. Paschall upon entering his coal office at the corner of Lafayette avenue and Brown street, yesterday morning found that the building had been entered during the night and various articles taken.

P. C. Irwin reported to police that thieves took from his car, parked on South West street, a coat that included an overcoat, gloves, camera and eye glasses. Mr. Irwin was absent from the parked automobile but a short time.

Entrance to the Paschall building was made thru a window which the miscreants broke out. They found the safe unlocked, and took from it a number of stamps and pennies. There was no other money in the safe. They also took a suit of clothing which was hanging in the office. The interior of the safe was somewhat damaged.

FROM CHAMPAIGN  
William Wood of Champaign is expected to arrive in the city today to spend the week-end with friends and relatives. Mr. Wood graduated last June from Illinois college and is working on his Master's degree in English this winter at the University of Illinois.

## TO ATTEND STATE TUBERCULOSIS MEETING

Dr. W. H. Newcomb To Appear On Speakers Program At Convention in Rockford.

Dr. W. H. Newcomb, Mrs. A. L. Adams and Miss Helen Nichol of this city are leaving Sunday evening for Rockford, where they will attend the annual state meeting of the Illinois Tuberculosis and Public Health Association, which is to be held Monday and Tuesday in the Nelson Hotel in Rockford. This is the eighteenth annual meeting of the state association, whereas the local organization is one year older. The organization is expecting a large sale of Christmas seals this year as there is a shortage in the funds.

Several very important addresses are to be given at the meeting by people of great prominence. Some of the speakers are Dr. Philip H. Kreuscher of Chicago, who will speak on "Tuberculosis of the bone and joints;" Dr. James Herlick of Chicago, president of the American Heart Association, who will give an address on "The Need of Greater Accuracy in Diagnosis of Tuberculosis and Heart Disease;" Dr. W. H. Newcomb of Jacksonville, who will talk on "The Health Officer and Tuberculosis;" Dr. Caroline Hedger, a child specialist of Chicago; Miss Julia Lathrop, formerly of the Children's Bureau of Washington, D. C.; Dr. Longstreet Taylor of St. Paul who is the president of the National Tuberculosis Association. He will speak on "A Message from the National;" Dr. Henry Mudd of Chicago, president of the Illinois State Medical society. His topic is "Your State Medical Society" and Dr. Hoyt Dearholt of Milwaukee, who is the Executive Secretary of the Wisconsin Anti-Tuberculosis Association.

As can be seen by the number of important speakers a very interesting meeting is to be held. On Monday there is to be a special nurses luncheon at the noon hour and on Tuesday a luncheon for Ex-Sanatorium patients and friends. The main dinner of the meeting is to be held Tuesday night.

PASSAVANT TRUSTEES MEET  
The Third quarterly meeting of the Board of Trustees of the Passavant hospital was held Thursday evening in the Passavant chapel with a large attendance of members present, and several of the new ministers in the city. Matters of business pertaining to the hospital were discussed and reports made.

AT ADAMS HOME  
Mr. and Mrs. Loraine Chamberlain and Mr. and Mrs. Henry Bush of Pittsfield will be guests today at the home of Dr. and Mrs. A. L. Adams on West College avenue.

## ABOUT CANDY

Candy is the grouping together of the good things of the earth which are eaten every day under different names. Nuts, milk, sugar, butter, molasses, eggs, malted milk, fruits, chocolate and other foods are combined. At this time of the year we feel it our duty to call your attention to our Chocolates; these are hand rolled and dipped, fresh every day; made in popular flavors: English Walnut, Black Walnut, Cocomat, Nougat, Vanilla and Vanilla Mint. They are made from the best materials with skillful loving care. Buy a pound for 50c, and if they are not the biggest candy value you ever purchased, we will refund your money.

## CENTENARY PLANS HOMECOMING DAY

Homecoming Day will be observed at Centenary church tomorrow, with a basket dinner to be served at noon. In the basement of the church. The dinner will follow the regular morning services, which will include a program of unusual interest. Rev. F. E. Smith, the new pastor of the church will have charge of the services.

All members and friends are cordially invited to the services and to bring their dinner. Each person is asked to bring \$1.00, the offering to be applied on the coal and insurance bills of the church.

The purpose of the homecoming is to create better acquaintance among the members and Sunday. Everyone will have an opportunity to meet the new pastor and his family.

Those who cannot remain for dinner are urged to come for the services.

## TWO LOCAL MEN NAMED BY ANTI-THIEF ASS'N

Charles S. Black and G. W. Patterson have returned from Litchfield where they attended the two sessions of the Illinois Anti-Horse Thief association. Mr. Black has served as state deputy and chairman of the legislative committee while Mr. Patterson has been national delegate for two years. At the meeting in Litchfield, Mr. Black was elected state marshal and Mr. Patterson will be one of the national delegates to the convention which will be held in Chillicothe, Mo., next year.

Twenty-five members of Sub-Order No. 158, Jacksonville, attended the Litchfield meeting. The state organization voted to change the name from Anti-Horse Thief association to Anti-Thief association. This was done to conform with the resolution passed by the national convention.

N. T. Fox of Murrayville is president of the national organization.

## TO OPEN HARD ROAD IN CALHOUN COUNTY

Plan Big Celebration for Next Monday at Hardin — Special Train to Go From Carrollton — Governor Will Speak.

Route 38, a state hard road in Calhoun county from Hardin to Kampsville, is to be opened next Monday with a big celebration at Hardin. This affair is being arranged by the citizens of Greene and Calhoun counties, and promises to draw large crowds.

A special train will leave Carrollton for Hardin at 9:55 a. m., and will carry hard road boosters into the land of apples and bluffs. Invitations to attend the celebration have been received by local residents, and it is probable several will attend. It is expected that a band will go from this city. The Standard Oil Co. band of 60 pieces from Wood River has been engaged for the occasion, as has also the Roodhouse band.

The principal speaker will be Governor Len Small. The main celebration will be held during the afternoon, and a good program is being arranged. A parade will be one of the principal features of entertainment.
